

COOPERATION OFFER

INTERMEBLE is a Polish company with a long tradition that goes back to 1921. During the years we have strengthened our position on the market while maintaining the family character of our company. Our clients could always count on our professional approach and partner relations.

We still foster this tradition and merge it with innovative technology to make our offer even better and to answer the needs of the more and more demanding market.

We specialize in production of furniture of various patterns, colors and designs from laminated chipboard. Our offer includes furniture for living-room, bedroom, offices, teens room and others. It's quality and durability together with its very competitive price make our furniture very popular not only in Poland but in Western and Eastern Europe as well.

We are looking for contact with furniture producers – especially importers and furniture dealers.
