

We, Foreign Trade Enterprise BARED company from Poland, a representative of LeenLife Company are happy to offer unique and innovative products based on ESSENTIAL FATTY ACID OMEGA-3.

Not only can it be used as a food supplement, but also it can be added in the process of production of food (dairy products, meat products, pastry, bread, etc) in order to enrich it.

Omega-3 s have been linked with prevention and treatment of a number of health problems, including:

- Heart disease
- Stroke
- High cholesterol
- High blood pressure
- Diabetes
- Obesity
- Arthritis
- Depression/bipolar disorders
- Schizophrenia
- Alzheimer's
- ADHD
- Burns
- Skin disorders
- Asthma
- Breast, colon, and prostate cancers
- Osteoporosis.

Omega 3 is also a wonderful remedy to skin problems, including those related to exposure to the sun. Omega 3 skin benefits include helping to reduce inflammation, protection against sunburns, and helping the skin retain moisture.

What distinguishes our product from other Omega-3 supplements already sold in the market?

- innovative formula: ethyl esters which are stable and do not oxidize in time
- high bioavailability
- microbiological purity
- no side effects in the digestive system
- cholesterol-free
- no toxic impurities.

We have a number of Omega-3 based products in offer:

1. LeenLife® E nutraceutical® 120 ml e in a liquid form, packed in bottles.
2. Omisie – bear-shaped milk chocolate bars, fortified with essential fatty acids Omega 3+6 and vitamin C – a unique and innovative product.
