

Dear Partners,

Toma Food Sp. z o.o. with its registered office in Warsaw, Al. Solidarności 115/2, deals with trade, confectioning and transportation of food products. We offer transportation of liquid food products, refrigerated trucks and freezers. We offer warehouse resources enabling our company to do purchase/sell transactions of various sort of food products, food components, meat and meat products.

We offer for sale:

- *sweet whey powder*
- *sweet whey powder feed*
- *whey permeate - grain*
- *milk powder*
- *liquid whey - concentrate - 18% and 30%*

Whey is widely used in food production for its nutritional values, mainly in bakeries, meat products, pastas, ice-creams and pastries. Whey concentrates water, is an efficient emulsifier, foaming agent and rheological regulator.

Due to its chemical composition whey is used in:

- *feeding animals*
- *dieting*
- *marinating*
- *whey drinks*
- *liquid supplements*
- *nutritional and medical components*
- *many other branches of food production and technology*

Due to your company's profile and business activity we hope to cooperate successfully. Should the above offer raise your interest, or should you search further details, please do not hesitate to contact us at the following e-mail address and telephone No.:
