

An agrochemical company – **Kazgod Sp. z o.o.** was established in 1989. Our headquarters is in Blonie, Poland. We are manufacturer of foliar fertilizers in liquid form and revolutionary – suspension form , intended for agricultural, orchard and vegetable production . We operate also outside Poland : in Germany, Baltic States, Hungary, Romania, Bulgaria, Moldova and Ukraine. Along with company development we are looking for business partners in Egypt to exclusive distribute our products. If you're interested , please send a message.

We encourage you to review attached current products catalog.
