

# Perlicht

**Bomex Sp. z o.o.**, an independent, family-owned company, has been operating in the market since 1997. Company with long experience in import and distribution of wines and spirits. As a producer our activities are related with manufacturing and selling of washing powders, washing gels and the different kind of chemical household products.

We offer our customers high-quality products, tailored to their individual needs.

The high-quality of the products on offer can be put down to the fact that we establish long-term relations with our partners in business and take advantage of state-of-the-art technologies.

Company owns highly advanced and modern production line and laboratory with implemented quality control system.

Our commercial production portfolio involves products of economic, average and premium quality lines.

The products of ours are produced and distributed under our own brands as well as Private Label cooperating projects.
